responsibly.**

You are about to embark on a transformational learning journey that will prepare you for leadership and help you achieve your career objectives.

Our goal when designing the Global Online MBA (GOMBA) program was to equip you with the skills and knowledge required to progress into a general management position and become an effective, adaptable, and responsible leader. To achieve this, each of the program's core modules addresses a fundamental aspect of general management and leadership, complemented by electives that develop skills and competencies relevant to your future career.

Delivered completely online, this is a truly modern MBA. Study from anywhere in the world, and balance your studies with work, family, and community life. Getting your MBA requires real commitment, but we promise it will be rewarding. You will be able to apply what you have learned immediately, see your perspective change, and develop skills that will continue to contribute to your success in the long term.

As you undertake your journey with ESMT Berlin, the program team and myself are here to support you. In turn, we ask that you bring your inquisitive mind and are ready to enjoy the exciting years to come!

**WELCOME -
WILLKOMMEN**

GERMANY'S FIRST TRIPLE-ACCREDITED FULLY ONLINE MBA

The Global Online MBA from ESMT Berlin is designed to teach you everything a modern decision-maker needs to be a successful leader. Combining general management with technology, innovation, and global experience electives, the program offers unrivaled flexibility, allowing you to study at Germany's number one business school from anywhere in the world.

- Complete the program in as few as two years, or take up to five. It's up to you.
- Take the modules consecutively, or take breaks. You decide.
- Work full-time while gaining the knowledge and competencies to support your personal development, and the growth and transformation of your company.
- Apply what you have learned from day one. See yourself grow.
- Customize the program to your specific needs by taking advantage of optional add-ons such as personalized career coaching, the Berlin Experience Week, or an international field seminar. The choice is yours.

Designed for business education

**Patrick Gall
(Canada)**

GOMBA Student, Research Network Facilitator at University of British Columbia

I chose the ESMT Global Online MBA because of the strong reputation of the school and the truly global nature of the program. The opportunity to learn and participate with like-minded classmates from across the world is an incredibly enriching experience.

Being able to share and learn from others with such amazingly diverse backgrounds has been rewarding and I am excited to continue the journey.

**Ayaka Nogaku
(Japan)**

GOMBA student, Business Analyst, IT Strategy at BNP Paribas Cardif

The Global Online MBA offers a 'community-driven' learning experience, virtually. This may sound contradictory, but it is not. Support from professors, teaching assistants, staff, and last not but least the class mates all over the world. Lectures via the online platform, the Hub, are designed to encourage professors and students to communicate and interact. I thought this learning experience was going to be lonely and tough – but it is not at all. I have the sense of belonging and learning all together.

**Borja Martin
Pintado (Spain)**

GOMBA student, BD & Licensing – Divestment Operations at Bayer Pharma

My favorite parts of the GOMBA program have been the interaction with my peers from all over the world and the dedication and professionalism of the ESMT staff in designing and executing the program. It is a unique opportunity to learn and interact with such a rich and diverse community.

The ESMT staff ensures a consistent level of quality through the whole program, both in terms of content and engagement, creating a best-in-class online MBA experience.

INNOVATIVE CONTENT

The program curriculum has been developed to give you complementary – but distinct – perspectives on key business issues, so you can navigate the challenges of leadership with confidence. In addition to this, electives that focus on technology, innovation and global issues mean you can tailor your studies to match your chosen career path.

FLEXIBILITY

100% online and highly flexible, the Global Online MBA empowers you to study on your terms, at your own pace and at the times that work best for you.

- Everyone begins with the Introductory Module (Managing in a connected world) whether they start the program in May or September.
- Once completed you can tackle the four compulsory core modules in any order.
- After completing the introductory module and one core module, you can start to choose from electives.
- Once you've completed all your modules, put what you've learned into practice with the final project.

Despite being a fully-remote learning experience you will still benefit from the expertise and guidance of ESMT's world-class faculty and learn from a highly international set of classmates.

THE STUDY EXPERIENCE

Your study experience will consist of live online interactive sessions, recorded lectures, group work, and independent assignments or projects. All courses include live online sessions with the teaching team (the professor and the course tutor). These take place twice to ensure you can join irrespective of where you are in the world.

While you are expected to devote 15 hours per week to your studies, the course content is designed to allow you to study at times that suit you.

THE HUB - A LEARNING PLATFORM DESIGNED FOR BUSINESS EDUCATION

Your online learning experience is powered by the most innovative learning platform, the Hub. Designed specifically for business education, the Hub allows you to engage with faculty and peers through multiple interactive channels, track your progress and assess your achievements.

Behind the scenes, the ESMT Learning Innovation Lab works to ensure a seamless study experience, liaising closely with professors and partners to stay up to date with the latest knowledge, learning models and techniques.

TUITION AND FEES

 28,000

FEES AND SCHOLARSHIPS

The tuition and fees for the Global Online MBA are €28,000, and include access to the learning platform, content, and required case study licenses. After enrolling in the program your tuition will not change. When you are accepted into the program we will ask you to pay a non-refundable deposit of €4,000.

Unlimited scholarships are available for early applications and those with excellent ESMT Admission Test, GMAT, or GRE scores.

These can be combined with one other merit-based scholarship. Check out the list of scholarships available on our [website](#) for more information. You are awarded an electronic certificate of completion (Smart Certificate) at the end of each of the program's core modules. Upon completion of the MBA program you are awarded an electronic diploma, as well as a traditional paper diploma.

Smart Certificates can be securely shared with employers and online professional networks.

EARLY APPLICATION DISCOUNT

If you apply by the early application deadline, the deposit (which covers the first module and the enrollment fee) is reduced by €2,000.

The deposit will thus be €2,000 instead of €4,000, reducing overall tuition to €26,000.*

PAYMENT OPTIONS

There are three options to pay your remaining tuition (tuition less deposit) for the Global Online MBA.

Pay tuition in full, in advance, and receive a 15% discount off total tuition (€23,800).*

Alternatively, pay your tuition over two installments and reduce your total tuition by 5% (€26,600).

For the greatest financial flexibility, the Global Online MBA tuition can also be paid by module: Your first module is included in the non-refundable enrollment deposit of €4,000

Subsequent modules cost €4,000 each and are due at least two weeks before the respective module starts

TAX DEDUCTIONS

In many countries, including Germany, tuition for higher education and related costs can be tax deductible. For more information, please visit the tuition and fees page and consult your tax advisor.
