ESMT was instrumental in shaping my career trajectory, offering an abundance of opportunities that I am deeply grateful for. The ESMT Career Fair served as a pivotal moment where I connected with recruiters from On Running, leading to my application and eventual acceptance into their esteemed Product Creation Academy based in Zürich and Vietnam. The rigorous modules at ESMT thoroughly equipped me to tackle the complexities of Product Strategy & Innovation, a foundation I rely on daily in my professional endeavors. Returning to ESMT as an Alumna to scout and recruit top talents was a privilege and a testament to the transformative experience the institution provides.

Maddalena Montesi, MIM 2021-2023

Product Creation Trainee @ ON-Running

ESMT's knack for cultivating talent who are not just academically proficient, but also innovative and ready to challenge the status quo, aligns perfectly with our values and objectives at MVPF. As an alumnus, it's rewarding to see ESMT's commitment to excellence reflected in its students, who are well-prepared to navigate our ever-changing industry. Our partnership with ESMT is invaluable, providing us with access to a pool of talents who are eager to grow and make a strong impact. I'm proud to be a bridge between ESMT and MVPF, ensuring a steady collaboration that nurtures continuous innovation.

Francesca Manganella, MIM 2021-2023

Venture Architect @ MVP Factory
