*ESMT offers a unique pool of talents: passionate about innovation, questioning the status quo and determined to make a difference. It's this mindset we're looking for at PwC. Partnering with ESMT gives us a valuable opportunity to hire talents who contribute to our community of solvers. As an alumnus, I'm glad to see that so many students have chosen PwC to build their professional career.*

### **Karl Luis Neumann**

Senior Associate at PwC, MIM 2018-2020

*ESMT is the home ground for great talent and it shows in the yearly rankings and employment statistics. Having studied there I am personally always proud and happy to interact with current students to grow this bond with the industry even further. At Allianz Consulting we look for bright minds that are eager to learn and grow within the company. ESMT's courses and structure of the programs paired with the admirable administrative support the school continues to be a great partner for us at Allianz Consulting. We look forward to many more years of meaningful collaboration and success.*

### **Taha Syed**

Senior Consultant at Allianz Consulting, MIM2018-2020
