PARTICIPANT REVIEWS

MIRTHA VALENZUELA – Elmos Semiconductor AG, Product Segment Manager, Germany, Postgraduate Diploma 2017

"After a few years on the job, I was looking for an advanced training program that could support me in improving my work methodology and raising my management skills. Thus, I opted for the Postgraduate Diploma in Management at the ESMT Berlin. My key learnings:

- Leadership is based primarily on respect, collaboration, and gratitude – easy to say but very difficult to practice with your team.
- Try to see the whole picture when making decisions and be aware of their consequences.
- Negotiations are an interaction between human beings and not between companies. If you are looking for a win-win negotiation, start by understanding the culture of your counterpart."

MARTIAL DANTHOIS – Head of Basic Development, thyssenkrupp, Principality of Liechtenstein, Postgraduate Diploma 2020

"I was looking for new and valuable inputs to help me achieve a professional promotion. After participating in the program Leading People, and Teams, which made a fantastic first impression on me, I decided to go for the Postgraduate Diploma (PGD) with ESMT Berlin. I actually ended up with a double PGD: in general management as well as technology and strategy."
